COMPANY PROFILE

B

Brand Story

Kiara Tiles, a distinguished brand that falls under the umbrella of DML Group, is today a diversified brand with three of its factories, each with its own identity, fully responding to the many requirements of a continuously changing international market. Despite being a young company in the ceramic sector, we enjoyed rapid growth and development, as a result, we have quickly earned our place among the top brands in India.

With new and trendsetting products being introduced regularly, Kiara Tiles continues to take huge strides towards becoming the world's unprecedented leader in the ceramic industry.

Our Group of Companies

Our Group of factories – Lepono Porcelano LLP, Lorence Vittrified LLP and Spera Vittrified LLP manufactures various sizes of Ceramic Wall & Floor and Porcelain Floor tiles. All our factories have highly automated and advanced production facilities and are situated in the heart of India's Ceramic hub in Morbi, Gujarat. Right from machinery to raw materials, we procure the very best from various foreign sources like Italy, Spain and China.

At pace with prevailing trends in the international market, Our product range aptly complements the contemporary consumers' demands and has got wide acceptance in many Europe, USA, Latin America, African, Gulf, Middle East and South Asian countries. And to bind all this together and offer high-quality products to our customers, We have stringent and elaborate quality control systems in place which match the international quality standards.

F

Founder Message

I firmly believe that every respiration is an aspiration for our company. From the first day of the initiation till today, we committed ourselves to the process of continuous evolution in terms of technology and materials with the changing times.

Tile industry exists for fifty years, but the whole globe witnessed that the last decade was revolutionary phase and proved to be a game changer in the construction fraternity and changed dynamics of the trade market. Technology has molded and modified the clay extracted from the mother earth into an aesthetic piece of art, which has potential to transform the appearance of any space ranging from home to office.

The horizons of applications of tile has replaced marbles and granite with cost effective approach and through numerous design options. We, as a team of 'Panakea Infinity' have a dedicated and devoted work force to bring innovations and uplift the level of tile industry. Also, we strive to develop stringent quality control parameters to ensure that best-in-class porcelain tile reaches to customer situated in the farthest point.

Our clientele who are situated worldwide are the eminent pillar and profound base of our organization and I convey sincere gratitude to them, as they still abide to us. They are the very source of innovations and inspiration to our team to get the best out of the Tile.
